Adopted: June 2019   **Revised: June 2021**

1.   DEFINITION

1.1   Coughton C of E Primary School nurtures the very best in each individual, providing a high standard of learning. Our values encourage care for all, mutual respect, responsibility and strong partnerships between school, home and the local and wider communities.

1.2   We strive to promote the Spiritual, Moral, Social and Cultural development of our students and prepare them for the opportunities, responsibilities and experiences of adult life.

1.3   The staff and governors value the best possible partnership between parents/carers and the wider community and recognise the importance of promoting the support they offer, to the benefit of all our pupils.

1.4   Spiritual, Moral, Social and Cultural Development is promoted not only through all the subjects of the curriculum but also through the ethos of school and through the development of positive attitudes and values and planned time for reflection.

1.5   This policy supports and reinforces the aims of the school, valuing all children and staff equally and as individuals.

2.   PRINCIPLES

2.1   Spiritual, Moral, Social and Cultural Development is crucial for individual pupils and it is crucial for society as a whole. We believe it is the heart of what education is all about - helping pupils grow and develop as people.

2.2   Spiritual, Moral, Social and Cultural Development is woven into the curriculum and promotes the aims and principles of PSHE, RE and Relationships and Sex Education (RSE) and the Equality and Diversity Policy. These all underpin the Curriculum model as putting the child at the centre of all we do.

2.3   It is an expectation that all staff, in all subjects, can and should make a contribution to the Spiritual, Moral, Social and Cultural Development of pupils through the taught curriculum and through the use of appropriate teaching and learning strategies e.g. discussion, reflection, pupil participation, circle time, collective worship etc.

2.4   The importance of relationships between all school staff, parents and governors is crucial. These relationships will be characterised by mutual respect, by positive attitudes, by the willingness to listen and be listened to and by the valuing of all pupils.

3.   SPIRITUAL DEVELOPMENT

3.1   This relates to the quest for individual identity and the search for meaning and purpose in our existence. It leads towards the understanding of self and others. It has to do with feelings, emotions, attitudes and beliefs It is not linked solely to a particular doctrine or faith and spiritual development is therefore accessible to everyone.
