

Super Veg!

This term, we are reading 'Supertato'. Have a go at creating your own Super-Vegetables at home! Be sure to take some pictures or bring your Super-Veg to school to show the class!

Sensory Writing Tray

We are learning to recognise and form our letter shapes. Create a sensory writing tray at home using slime, sand, chalk, salt, glitter or rice! Experiment with using different mark-making tools such as paintbrushes, fairy wands, feathers etc.

Autumn Treasure Hunt

Explore your local park or woodland and collect some natural Autumn treasures such as conkers, crunchy leaves, acorns etc. Bring them into school to discuss with the class and to create some Autumn crafts.

Superheroes

Maple Class Home Learning Grid
Autumn One 2019

Ten Town

Go to www.tentown.co.uk. Click on 'log in' and then 'class sign in'.

Username: Maple 19

Password: Coughton

Find your child's initials to explore Ten Town and have fun learning numbers to ten!

Dough Disco

In school, we do 'Dough Disco' to strengthen our hands and support our mark making skills. You could have a go at making your own playdough at home and putting on some music for your own 'Dough Disco'! Our favourite recipe is available at theimaginationtree.com/best-ever-no-cook-play-dough-recipe/

Household Hero

To support counting skills. You could ask your child to help you set the table for meals, counting out sets by moving or touching each object. You could also create a Teddy Bears Picnic to count out sets and even introduce size ordering by discussing which bear would need the biggest bowl etc.
